RAIL STRIKE
MAY SPREAD TO
OTHER WORKERS

Vote Of Maintenance Of Way
Workers Now Being
Counted In Detroit

Two Days Of Shopmen's
Strike Has Failed To Inter-
fer With Transportation

(BY THE ASSOCIATED PRESS)
CHICAGO, July 3—The railway
strike interest, which centered over
the week-end on the walk-out Satur-
day of shopmen whose union holds in
its ranks 400,000 men, today turned
to developments depended upon the
canvass at Detroit of the strike vote
of 400,000 maintenance of way em-
ployees and action by their union offi-
cials.

Two days of the strike of shop-
craftsmen have failed to interfere
with transportation or to produce a
definite statement of the number of
men out.

Claims on the completeness of the
shopmen's strike differed according to
the sources. Union officials asserted
that the strike was virtually 100 per
cent. Railway executives tentatively
fixed 90 per cent as the maximum
number out.

In some rail centers plans were in
preparation for replacing strikers with
workers under open shop manage-
ment.

VOTES BEING COUNTED

(BY THE ASSOCIATED PRESS)
DETROIT, July 3—Whether the na-
tion-wide railway strike would spread
to the maintenance of way workers,
numbering 450,000, depended today
upon the canvass of a strike vote be-
gun by grand lodge officers of the
Brotherhood of Maintenance of Way
Employees.

B. B. Grable, grand president, an-
nounced that if a majority of two-
thirds to three-fourths of the vote is
found to favor a strike, the men will
be ordered out.

SIX ARE KILLED
IN EASTERN WRECK

Accident Occurs This Morn-
ing 37 Miles From At-
lantic City

least six persons were killed and
about 75 others injured, half of them

The official number of dead will not
be known until the wreckage is

composed of solid steel coaches prob-

OBSERVE THESE FOURTH OF JULY 'DON'TS'

Some 4th July
DON'TS

Here, kiddies, are some Fourth of
July "DON'TS" that you must be sure
to observe: DON'T throw fireworks
at playmates. Some terrible accidents
have resulted from this thoughtless
trick. DON'T hold your face over

fireworks in which you think the fuse
has gone out after being lighted. Many
have been blinded that way. DON'T
get down close to fireworks when
lighting them. A sudden explosion
may maim you. DON'T try to scare
people by lighting fireworks near

them. Deaths have been caused that
way. DON'T hold fireworks in your
hand after lighting them. The danger
is great. DON'T get under skyrockets
when touching them off. The sparks
may set your clothing afire. And,
above all, DON'T BE CARELESS!

Wilmington

(BY THE ASSOCIATED PRESS)
COLUMBUS, July 3—More than

According to J. T. Travers, super-

fore it could set in the street. The
surface of Lytle's creek, the report
declared, was covered with the oil for
several miles below the town.

out of 37 senators responding to the
call.

Representative Henry Frillman, Co-

mary a bond issue proposal authoris-
ing the additional fund. The resolu-
tion was referred to the committee on
military affairs, and the house and
senate leaders went into conference
for the purpose of considering the
question of State Auditor Tracy that
funds for the compensation be appro-
priated by the assembly from bal-
ances in the general revenue fund.

(BY THE ASSOCIATED PRESS)
COLUMBUS, July 3—Arriving here
today to meet in special session for
the primary purpose of providing
available additional funds with which
to complete payment of the Onio sol-
diers' bonus, members of the general
assembly were faced with the prob-
lem of deciding what method should
be used in making the appropriation.

Two propositions presented them-
selves upon the arrival of the legis-
lators, either to pass a resolution
providing for submission to the voters
of a constitutional amendment permit-
ting a \$10,000,000 bond issue or to ap-
propriate the money directly from the
general revenue fund of the state.

The latter proposal was made late
yesterday by State Auditor Tracy in a
letter to Governor Davis. Tracy in
his letter pointed out that a balance
of \$9,969,000 now is in the general re-
venue fund sufficient to make up the
deficit after the \$25,000,000 made
available last fall is paid to claimants.
Sinking fund commissioners estimate
the amount necessary at \$7,000,000.
